**DELAYED PAYMENT PENALTY**

The above schedule is net. On all accounts not paid in full when due, ten percent (10%) will be added to the net current amount unpaid. This delayed payment penalty is not interest and is to be collected only once for each bill where it is appropriate.

**RECONNECTION FEE**

\$25.00

To be charged whenever water service, which has been previously disconnected for violations of rules, non-payment of bills, or fraudulent use of water, is reconnected.

**TAP FEE**

The following charges are to be made whenever the utility installs a new tap to serve an applicant:

A tap fee of \$100.00 will be charged to all customers applying for service before construction is completed adjacent to the customer's premises in connection with a certificate proceeding before the Commission. This pre-construction tap fee will be invalid after the completion of construction adjacent to an applicant's premises that is associated with a certificate proceeding.

A tap fee of \$300.00 will be charged to all customers who apply for service outside of a certificate proceeding before the Commission for each new tap to the system.

**LEAK ADJUSTMENT**

\$0.59 per 1,000 gallons is to be used when a bill reflects unusual consumption which can be attributed to eligible leakage on the customer's side of the meter. This rate shall be applied to all such consumption above the customer's historical average usage.

**SECURITY DEPOSIT**

Not to exceed two-twelfth's (2/12) of the average usage of the applicant's specific customer class, or fifty dollars, whichever is greater. This fee may be changed by applicable statutory provisions.
