(I) RATES

The monthly rate is based on water usage. All planned sewer users are on the water system and the water company serving the area has tentatively agreed to make necessary meter reading information available to the Town for billing purpose. The monthly sewer rates are as follows:

The monthly sewer rate shall be based upon water usage, and shall be based upon each one thousand (1,000) gallons of water used.

The effective rates for each one thousand (1,000) gallons of water used shall be:

First	2,000 gallons of water used per month	\$7.66 per 1,000 gallons
Next	2,000 gallons of water used per month	\$4.93 per 1,000 gallons
Next	16,000 gallons of water used per month	\$4.18 per 1,000 gallons
Next	30,000 gallons of water used per month	\$3.56 per 1,000 gallons
Over	50,000 gallons of water used per month	\$2.80 per 1,000 gallons

(I) FLAT RATE

The minimum monthly sewer rate for all unmetered customers of the municipal sewer system shall be in the amount of Eighteen Dollars and Seventy Five Cents (\$18.75).

BULK RATE

The minimum monthly sewer rate for bulk sewer discharged from another sewer collection system shall be in the amount of Two Dollars and Sixty Cents (\$2.60) per 1,000 gallons.

(I) MINIMUM CHARGE

There shall be no bill rendered for less than Fifteen Dollars and Thirty Two Cents (\$15.32) which constitutes a minimum bill.

DELAYED PAYMENT PENALTY

The above tariff is net. On all accounts not paid in full within twenty (20) days of bill, ten percent (10%) will be added to net amount shown. If any bill is not paid within thirty (30) days of date of bill, such legal remedies as may be available for the collection of delinquent accounts will be used.

(I) CONNECTION CHARGE

Subsequent to the completion of project construction there shall be a charge for connection to the system of Four Hundred Fifty Dollars (\$450.00).

DISCONNECT-RECONNECT/ADMINISTRATIVE FEES

Whenever water service has been disconnected for non-payment of sewer bills in conjunction with a water service termination agreement with the West Virginia-American Water Company, a disconnection fee of \$25.00 shall be charged; or in the event the delinquent sewer bill is collected by the water company, an administrative fee of \$25.00 shall be charged.

Whenever water service, which has been previously disconnected or otherwise withheld for non-payment of a sewer bill in conjunction with a water service termination agreement with West Virginia-American Water Company, is reconnected, a reconnection fee of \$25.00 shall be charged.

RETURNED CHECK CHARGE

If a check received is returned by the bank for any reason, the bank's charge to the Town shall be the Town's charge to the customer for such returned check and under no circumstances shall the fee collected by the Town exceed \$25.00.

LEAK ADJUSTMENT

\$0.50 per 1,000 gallons is to be used when a bill reflects unusual water consumption which can be attributed to eligible leakage on customer's side of the meter. This rate shall be applied to all such consumption above the customer's historical average usage.

MULTIPLE OCCUPANCY

On apartment buildings, or other multiple occupancy buildings, each family or business unit shall be required to pay not less than the minimum monthly charge herein established.

TRAILER COURTS

House trailer courts shall be provided with one sewer connection (tap). No bill shall be rendered for less than the following:

Five dollars and fifty cents (\$5.50) multiplied by the number of units situated on the court site at the time the bill is rendered by the Town. House trailers (as used hereinabove) shall include both mobile and immobile units.

House trailers, either mobile or immobile, located on sites other than a part of court, shall be billed in the same manner as any other family or business unit.
