W VA PUBLIC SERVICE
COMMISSION
SECRETARY'S OFFICE

CITY OF ELKINS SEWER FUND

OF

ELKINS, WEST VIRGINIA

RATES, RULES AND REGULATIONS FOR FURNISHING
SEWERAGE AND SEWAGE DISPOSAL SERVICE

at Elkins and vicinity, Randolph County, West Virginia

Filed with THE PUBLIC SERVICE COMMISSION
of
WEST VIRGINIA

Issued March 15, 2013

Effective for service rendered on or after
March 15, 2013 or as otherwise provided herein

Issued by authority of an Order of the
Public Service Commission of West Virginia
in Case No. 12-1123-S-MA final
January 9, 2013 or as otherwise provided herein

Issued by CITY OF ELKINS SEWER FUND

By Robert R. Loderer

its Attorney
Title

RULES AND REGULATIONS

I. Rules and Regulations for the Government of Sewerage Utilities, adopted by the Public Service Commission of West Virginia, and now in effect, and all amendments thereto and modifications thereof hereafter made by said Commission.

SCHEDULE NO. 1

APPLICABILITY

Applicable within the entire territory served

AVAILABILITY OF SERVICE

Available for residential, commercial and industrial sewer service

RATES

(I)	First	1,500 gallons used per month	\$9.62	per 1,000 gallons
(I)	Next	248,500 gallons used per month	\$8.71	per 1,000 gallons
(D)	Over	250,000 gallons used per month	\$3.47	per 1,000 gallons

(C,I) MINIMUM CHARGE (customers with a metered water supply)

No minimum bill will be rendered for less than \$14.43 per month
(Equivalent of 1,500 gallons of water usage)

(C) DELAYED PAYMENT PENALTY

The above schedule is net. On all accounts not paid in full when due, ten percent (10%) will be added to the net current amount unpaid. This delayed payment penalty is not interest and is to be collected only once for each bill where it is appropriate.

MONTHLY OR BI-MONTHLY PAYMENT BILLINGS

The above rates and charges may be adjusted to a monthly or bi-monthly basis, providing no lower charges.

(C) RETURNED CHECK CHARGE

A service charge equal to the actual bank fee assessed to the sewer utility up to a maximum of \$25.00 will be imposed on any customer whose check for payment of charges is returned by the bank due to insufficient funds.

- (I) Indicates increase
- (D) Indicates decrease
- (C) Indicates change in text

SCHEDULE NO. 1 (Continued)

(C) TAP FEE

The following charges are to be made whenever the utility installs a new tap to serve an applicant.

A tap fee of \$150.00 will be charged to customers applying for service before construction is completed adjacent to the customer's premises in connection with a certificate proceeding before the Commission. This pre-construction tap fee will be invalid after the completion of construction adjacent to the applicant's premises that is associated with a certificate proceeding.

A tap fee of \$400.00 will be charged to customers applying for service outside of a certificate proceeding before the Commission for each new tap to the system.

(O)

(C,D) LEAK ADJUSTMENT

\$0.51 per 1,000 gallons of water is to be used when a bill reflects unusual water consumption which can be attributed to eligible leakage on customer's side of the meter. This rate shall be applied to all such consumption above customer's historical average usage.

(O)

(C) SECURITY DEPOSIT

Not to exceed two-twelfths (2/12ths) of the average annual usage of the applicant's specific customer class, or fifty dollars, whichever is greater. This fee may be changed by applicable statutory provisions.

- (C) Indicates change in text
- (O) Indicates omission
- (D) Indicates decrease

SCHEDULE NO. 2

APPLICABILITY

Applicable within the Teaberry Hills Subdivision

AVAILABILITY OF SERVICE

(C) Available for general domestic service in un-metered housing projects or subdivisions

(C) FLAT RATE CHARGE (Customers with non-metered water supply)

(I) General Domestic customers with non-metered water supply: \$40.56 per month
(Equivalent to 4,500 gallons of water usage)

(C) DELAYED PAYMENT PENALTY

The above schedule is net. On all accounts not paid in full when due, ten percent (10%) will be added to the net current amount unpaid. This delayed payment penalty is not interest and is to be collected only once for each bill where it is appropriate.

(C) RETURNED CHECK CHARGE

A service charge equal to the actual bank fee assessed to the sewer utility up to a maximum of \$25.00 will be imposed upon any customer whose check for payment of charges is returned by the bank due to insufficient funds.

(C) TAP FEE

The following charges are to be made whenever the utility installs a new tap to serve an applicant.

A tap fee of \$150.00 will be charged to customers applying for service before construction is completed adjacent to the customer's premises in connection with a certificate proceeding before the Commission. This pre-construction tap fee will be invalid after the completion of construction adjacent to the applicant's premises that is associated with a certificate proceeding.

A tap fee of \$400.00 will be charged to customers applying for service outside of a certificate proceeding before the Commission for each new tap to the system.

(I) Indicates increase

SCHEDULE NO. 2 (Continued)

(C,D) LEAK ADJUSTMENT

\$0.51 per 1,000 gallons of water is to be used when a bill reflects unusual consumption which can be attributed to eligible leakage on customer's side of the meter. This rate shall be applied to all such consumption above customer's historical average usage.

- (C) Indicates change in text
- (D) Indicates decrease

SCHEDULE NO. 3

APPLICABILITY

Applicable within and without the corporate limits of the City of Elkins

AVAILABILITY OF SERVICE

Available to Midland Public Service District

(C,I) RESALE RATE - (Based on metered water sold)
\$3.33 per M gallons

(O)

- (C) Indicates change in text
- (I) Indicates increase
- (O) Indicates omission

SCHEDULE NO. 4

APPLICABILITY

Applicable within and without the corporate limits of the City of Elkins

AVAILABILITY OF SERVICE

Available to Leadsville Public Service District

(C,I) RESALE RATE - (Based on metered water sold)
\$3.37 per M gallons

- (C) Indicates change in text
- (I) Indicates increase

- (O) SCHEDULE NO. 5
- (O) APPLICABILITY
- (O) AVAILABILITY OF SERVICE
- (O) METERED RATES (Based on metered water sold)

(O) Indicates omission

(C)

SCHEDULE NO. 5

APPLICABILITY

Applicable within and without the corporate limits of the City of Elkins

AVAILABILITY OF SERVICE

Available where sewer customer obtains water wholly or partly from a source other than the Municipal Water Works of the City of Elkins.

Sewer user shall make application in writing, showing type of waste to be delivered to the sanitary sewer system of the City of Elkins, and shall not deliver the waste until written permission has been given by the Sanitary Board of the City of Elkins. Sewer user shall provide, at the end of each calendar quarter, to the Sanitary Board of the City of Elkins, an officially signed notification showing the approximate quantity in gallons of waste delivered to the sanitary sewer system of the City of Elkins. Upon receipt of such notification, billing shall be made, applying the rates in Schedule No. 1.

(C) Indicates change in Schedule No. (previously Schedule No. 6)

(C) SCHEDULE NO. 6SURCHARGE FORMULA TO BE APPLIED IN THE CASE OF USERS
PRODUCING UNUSUAL WASTE

The charge for the treatment of unusual waste will be calculated on the basis of the following formula:

$$C_i = V_o V_i + B_o B_i + S_o S_i$$

- C_i = charge to unusual users per year
 V_o = average unit cost of transport and treatment chargeable to volume, in dollars per gallon
 V_i = volume of wastewater from unusual users, in gallons per year
 B_o = average unit cost of treatment, chargeable to Biochemical Oxygen Demand (BOD) in dollars per pound
 B_i = weight of BOD from unusual users, in pounds per year
 S_o = average unit cost of treatment (including sludge treatment) chargeable to total solids in dollars per pound
 S_i = weight of total solids from unusual users in pounds per year

When an unusual user is to be served, a preliminary study of its wastes, and the cost of transport and treatment thereof, will be made. Waste containing materials which, in the judgment of the City of Elkins Sanitary Board, should not be introduced into the sewer system need not be handled by it. The results of this preliminary study will be used to determine the feasibility of the proposed sewer service and the charge therefore, based upon the formula set out above.

Thereafter, unusual sewage will be monitored on a regular basis and at the conclusion of each fiscal year, based on the investigation aforesaid and audit of the City of Elkins Sanitary Board records, new cost figures will be calculated for use in the above formula. The cost of establishing the monitoring facilities shall be paid by the unusual user. Based on these audited figures, additional billings covering the past fiscal year will be made for payment by each unusual user, or refund given by the City of Elkins Sanitary Board, as the case may be. Such audited figures will then be used for the preliminary billing for the next fiscal year, at the end of which an adjustment will be made as aforesaid.

(C) Indicates change in Schedule No. (previously Schedule No. 7)

(C) SCHEDULE NO. 6 (Continued)

SURCHARGE FORMULA TO BE APPLIED IN THE CASE OF USERS
PRODUCING UNUSUAL WASTE (Continued)

Where the amount of sanitary sewage discharged into the City of Elkin's wastewater collection and/or transmission system by certain industrial plants cannot be accurately determined by the use of the plant's water meter or meters, and the plant cannot install a flow meter to measure such waste, a special formula will be used whereby such plant will pay to the City of Elkins Sanitary Board a sewer charge calculated at fifty (50) gallons of water per each employee at the plant each working day.

(C) Indicates change in Schedule No. (previously Schedule No. 7)

(C) SCHEDULE NO. 7

(O)

(N) SURFACE OR GROUND WATER SURCHARGE

An additional amount shall be charged where surface or ground water is introduced into the sanitary system where evidence of a violation exists. Surcharge formula to be applied in cases where surface drainage is connected to the utility's sewer system.

(C) APPLICABILITY

Wherever the utility has discovered that a customer's roof drain, downspout, storm sewer or other similar facilities conducting surface water have been connected to the utility's sewer system, and such customer has failed to take appropriate action, within thirty (30) days of receipt of a demand by the utility in accordance with the rules and regulations of the Public Service Commission, to eliminate such connection, a surcharge will be imposed upon the customer calculated on the basis of the following formula:

$$S = A \times R \times .0006233 \times C$$

- S - The surcharge in dollars
- A - The area under roof and/or the area of any other water collection surface connected to the sanitary sewer, in square feet
- R - The measured monthly rainfall, in inches
- 0.0006233 - a conversion factor to change inches of rain x square feet of surface to thousand gallons of water
- C - The utility's approved rate per thousand gallons of metered water usage

The Utility shall not impose the surcharge unless and until the customer has been notified by certified mail, return receipt requested, or by hand delivery, that it has been established by smoke testing, dye testing, or on-site inspection that rain or other surface water is being introduced into the sanitary sewer system at the customer's location, and that the customer has not acted within thirty (30) days from receipt of such notice to divert the water from the sanitary sewer system. The surcharge shall be calculated and imposed for each month that the condition continues to exist. Failure to pay the surcharge and/or correct the situation shall give rise to the possible termination of water service in accordance with the rules and regulations of the Public Service Commission of West Virginia.

(C) Indicates change in text/Schedule No. (previously Schedule No. 8)

(O) Indicates omission

(N) Indicates new

(C) SCHEDULE NO. 8

APPLICABILITY

Applicable within the entire territory served

AVAILABILITY

Available for wastewater and leachate haulers

SEPTIC TANK CLEANING SERVICE REGISTRATION PERMIT FEE

For each septic tank cleaning business which uses the City's sanitation system there will be an annual registration fee of one hundred twenty-five dollars (\$125.00). In addition, the dumping fee will be a commodity charge below due to the concentrated nature of the hauling.

RATES

Commodity Charge - Each hauler shall pay a commodity charge of \$40.00 per 1,000 gallons per load. Load will be the actual capacity of the truck or other transport method delivering wastewater and leachate. Actual capacity shall be determined, or verified solely, by the City.

(C) DELAYED PAYMENT PENALTY

The above schedule is net. On all accounts not paid in full when due, ten percent (10%) will be added to the net current amount unpaid. This delayed payment penalty is not interest and is to be collected only once for each bill where it is appropriate.

(C) RETURNED CHECK CHARGE

A service charge equal to the actual bank fee assessed to the sewer utility up to a maximum of \$25.00 will be imposed on any customer whose check for payment of charges is returned by the bank due to insufficient funds.
