(N) Indicates new rates or regulations

TAP FEE

09:44 AM FEB 08 2016 PSC EXEC SEC DIV

The following charges are to be made whenever the utility installs a new tap to serve an applicant.

A tap fee of \$100.00 will be charged to any customer applying for service before construction is completed adjacent to the customer's premises in connection with a capital project. This pre-construction tap fee will be invalid after the completion of construction adjacent to an applicant's premises that is associated with the capital project.

A tap fee of \$400.00 will be charged to all customers who apply for service outside of a capital project for each new tap to the system.

CHARGE FOR RECONNECTION (\$30.00)

Whenever the supply of water is turned off for violation of the rules, and regulations, nonpayment of bills, or fraudulent use of water, the District shall make a charge of \$30.00 for reestablishing service.

DELAYED PAYMENT PENALTY

The above tariff is net. On all accounts not paid in full when due, ten percent (10%) will be added to the net current amount unpaid. This delayed payment penalty is not interest and is to be collected only once for each bill where it is appropriate.

ADMINISTRATIVE FEE

In the event the District collects payment in full of a delinquent water bill at the customer's premises in lieu of a discontinuance of service for nonpayment, an administrative fee of \$25.00 shall also be collected in addition to the delinquent water bill.

RETURNED CHECK CHARGE

A service charge equal to the actual bank fee assessed to the water utility up to a maximum of \$25.00 will be imposed upon any customer whose check for payment of charges is returned by the bank due to insufficient funds.

(I) LEAK ADJUSTMENT RATE

\$ 0.86 per 1,000 gallons is to be used when a bill reflects unusual consumption which can be attributed to eligible leakage on customer's side of the meter. This rate shall be applied to all consumption above the customer's historical average usage.

SECURITY DEPOSIT

A deposit of \$50.00 or two-twelfths (2/12ths) of the average annual usage of the applicant's specific customer class, whichever is greater.

METER TESTING

09:44 AM FEB 08 2016 PSC EXEC SEC DIV

Any customer may request in writing a meter test for the accuracy of their meter. The customer shall first deposit \$40.00 for the removal and testing of their meter, either by the utility or an independent certified meter testing facility. If, when tested, the meter is found to be more than two percent fast, the amount advanced shall be promptly refunded to the customer. If the meter is not found to be more than two percent (2%) in error, the utility shall retain the amount advanced by the customer for the test. The customer or their representative may be present during the testing.
