LOCAL TAX SURCHARGE

When any municipal corporation or political subdivision within the service area imposes a business and occupation tax, privilege tax, public utilities tax, excise tax or any other tax based upon a percentage of gross revenues from water sales, within the territorial limits of the municipal corporation or other political subdivision, such taxes shall be filed as a "surcharge" to the customer receiving service within said territorial limits. This "surcharge" shall be computed at the appropriate effective tax rate levied by the municipal corporation or political subdivision, giving consideration to the additional State Business and Occupation Tax resulting there from.

The monthly bills to such customers referred to above will reflect the aggregate amount resulting from the Base Rate, Minimum Charge and this Local Tax Surcharge. Customers receiving service in the following municipalities or political subdivision shall pay a surcharge based upon the following effective surcharge rates:
