DELAYED PAYMENT PENALTY

The above tariff is net. All accounts not paid in full within twenty (20) days from and after the date of mailing of monthly bills therefor shall have added to the net amount shown a delayed payment penalty of ten percent (10%) of the amount of such bill.

CUSTOMER DEPOSIT

A customer deposit for each new customer shall be charged in accordance with the West Virginia Code and the Public Service Commission of West Virginia's Rules and Regulations for the Government of Water Utilities.

DISCONNECTION

If any bill is not paid within thirty (30) days after the date of the mailing thereof, water service to the customer will be discontinued; provided, however, that at least ten (10) days before the discontinuation of water service, a notice of such discontinuation shall be mailed to the delinquent customer at his last address on record with the Clerk, by regular United States Mail, postage prepaid. Water service will not be restored until all past due water bills have been paid in full and all accrued penalties plus a reconnection charge of Twenty-Five Dollars (\$25.00) shall be paid. If the customer pays his or her delinquent bill to an employee of the City during the process of disconnection, to prevent disconnection, an additional charge of Twenty Dollars (\$20.00) shall be added to the delinquent balance and paid by the customer at that time, as a condition of maintaining continuous service.

MULTIPLE OCCUPANCY

On apartment buildings or other multiple occupancy buildings, bills will be rendered based upon each family or business located therein which shall have a separate meter serving such family or business. Under no circumstances, however, may more than one (1) living unit not in the same structure be connected to the same meter.

TRAILER COURTS

The operators of house trailer courts may require separate metering for each site upon which a house trailer may be set. Alternatively, house trailer courts may be provided with a master meter, in which case the charge for water services to such house trailer court shall be the greater of either (i) the product obtained by multiplying the minimum bill per customer of Twenty Five Dollars and Sixty-Six Cents (\$25.66) times the number of units situated on the court site at the time the meter is read, or (ii) the actual charge for water used according to the schedule set forth herein. House trailers, as used herein, shall include both mobile and immobile units. House trailers, either mobile or immobile, located on sites other than a part of house trailer court shall be billed in the same manner as any other family or business unit.

RETURNED CHECK CHARGE

A service charge of the greater of \$25.00 or the actual bank fee will be imposed upon any customer whose check for payment of charges is returned by their bank due to insufficient funds or any other reason.

INCREMENTAL COSTS

An amount not to exceed \$3.33 per 1,000 gallons is to be used when a bill reflects unusual consumption which can be attributed to eligible leakage on the customer's side of the meter. This rate shall be applied to all such consumption above the customer's historical usage. The City of Pennsboro shall establish a nondiscriminatory policy regarding this provision for leak adjustments.

The City of Pennsboro currently has a water purchase agreement with Hughes River Water Board dated April 22, 2003. In the event the Hughes River Water Board increases the price of water charged to the City of Pennsboro, the rates and charges specified in the schedules listed in this Ordinance may be increased by the same percentage that Hughes River Water Board increases the price for purchased water.
